

# Vlad the Barbarian

Vlad the Barbarian is a Human Fighter in his early 30s. Originally from the Ten Towns, Vlad came south and found the Guild almost immediately. Settling in, he immediately began doing what he could to help his fellow newcomers adjust to the ethos and practices of the Bounty Hunter's Guild, guiding those new to the Guild in their first bounties and introducing them to Neverwinter proper. He is friends with Ceva, Big Jim and Daj, and is largely considered to be an honorary member of the Guild leadership (something he roundly refuses to acknowledge). Vlad has been noted to have some skill with magic, being taught Fireball by Professor Daj at one point in the past, and has an almost unnatural sense of when he is about to be pulled into a bounty, disappearing when assignments are made. He ran for the White Council unsuccessfully during the first election cycle, and currently operates a coffee shop, Vlad's Eats and Treats, in the Mercantile Quarter along with other members of the Barbarian Horde.
